EventGineers were fantastic!!! They asked all the right questions to ensure my event went as perfect as possible!!! Very helpful prior to the event with regard to ordering my beverages. Day of the event they were super punctual! Our server was fantastic; she went with the flow of the party! Would definitely hire again!

Our holiday party was a big hit. Our bartender did a wonderful job. She came well prepared and early. She went well above and beyond our expectations, even clearing dishes and washing them. She was wonderful at going to our guest and asking if she could get them anything. I would definitely use EventGineers again.

Marc is a consummate professional. He worked extensively with me to nail down every detail of the event beforehand so that everything ran as smoothly as possible. He had excellent suggestions for drinks and supplies. He even showed up an hour early to help move things when the weather turned sour, without me asking.
